Dear Friends

October is a month that brings celebrating in the form of Harvest Festivals and Harvest suppers.

Harvest is a wonderful opportunity each year to remind ourselves of God's abundant supply of all that we need and to thank Him for his goodness to us. As well as giving thanks for the tireless work of the farming community as we share in the fruits of their labour.

In today's world, with the ability to buy virtually any fruit and vegetables all year round, we can lose track of the progression of the seasons. It can then become too easy to take God's provision to us for granted, to forget that without his sustaining and creative power we would not be able to have the rich variety of foods to choose from.

But it is not just Harvest that reminds us of God's faithful promises to us. This week, as I was driving in beautiful sunshine, there was a sudden down-pour and there ahead of me was a magnificent rainbow stretching across the fells.

You may remember the story of Noah in the Bible, who built an ark to float on the waters of the flood. As the waters abated he looked out and saw a magnificent bow of many colours. Ever since those days, a rainbow has been interpreted as a sign of God's blessing on the world that he made and loves.

That rainbow reminds us that as Christians we believe that God loves and cares for all the people of the world, regardless of race, gender, religion or where they live. Seeing a rainbow prompts us not only to rejoice in the beauty of God's creation but also to pray that the people around us may come to appreciate God's love for themselves.

Harvest is a wonderful occasion each year for thanking God for all his goodness to us, but let us look up and survey all that is around us, and be reminded every day of his promises, love and provision for us.

With best wishes
 Tricia

News and thoughts from St Mary's, Cumwhitton.

When September arrives we know that we have much to think about and plan. First on our list is The Macmillan Coffee Morning that the Church runs each year. This is always an occasion for the entire Parish to get together for a garden party... if the weather is kind to us. It is very useful to have Gemma's Newsletter to advertise these events as, by the time the magazine arrives on your doorstep we will have had our coffee morning and will be sending off the donations to the charity.

Not long after we will be celebrating our **Harvest Festival Service on Sunday, 6th October at 5pm** and, being in a rural farming community, this Service is always a highlight with the Church decorated to reflect the occasion. Donations of tins of food are always welcomed and will be delivered to our local Food Bank. After the Service there is the opportunity for all to come together to share a Harvest Festival meal at the Pheasant Pub in Cumwhitton. This event was a great success last year and we hope that this will become a regular event on our calendar. A very big thank you to Pete and Kate and all the team for making this possible.

Many will know Tracy Watt who has lived in our Parish for countless years and has been a tremendous support to the whole community as well as all the Parish organisations. Sadly, she is moving away but on a positive note, Tracy will not be that far away and we know that she will remain a part of our community. The Harvest Festival **Service on Sunday, 6th October at 5pm** will be an opportunity to express our appreciation for all that she has done for the Church and its wider community. Wherever you live, in the Parish or beyond, please come and join us to help make this occasion extra special.

We were able to have a lovely community Service in August to say our 'Good Bye' to Mike and Avril Cannon. They have now moved south to be closer to family. We wish them well and at the same time we say 'thank you' for years and years of Service to St Mary's Church and the community.

Margaret, Hayton

Mike has been a valued Church Warden and Avril was Church Secretary for many years before Cath Davies ably took over the role. They will be missed and we hope that from time to time they will be able to return to the area that has been home for a very long time.

It will not be long before we are planning our Community Service for **Remembrance Day and All Souls Day, Sunday 10th November.**

The Service will begin on the Village Green and then continue in St Mary's Church. We have much planned that we hope will make the occasion very special, but more about that in the next edition of the magazine.

In our very busy world we have become used to the numbers '24/7' and it is often difficult to find the quiet time to reflect on what is truly important. At St Mary's we continue to have 'Evening Prayers' every Tuesday at 5pm, and on the first Wednesday of each month at 6pm we have a half hour silent Vigil. These times provide much that is needed to help us balance a busy life. You are more than welcome to join us at St Mary's, a Church that has the most peaceful of environments.

Can optimism pay off?

In a recent copy of The Cumberland News, Julie Minns wrote about the importance of optimism. She cited David Tattersall, the owner of a chocolate business in Fisher Street, as a good example of someone who has been optimistic. Hayton WI members know this, as he once gave a wonderful talk about his work to our members. So, I was interested to learn from the article that Julie was the instigator of a group to save the Turkish Baths in Carlisle, as our August talk was on that very topic.

Trudy and Alan Lindsay, members of the group, gave a fascinating, illustrated talk about the history of the public baths and the fight to preserve them. As someone who knew little about them, I was astonished by their beauty and horrified that anyone might contemplate their destruction.

But why public baths?

It doesn't take long to recall from our history lessons that working people lived in terrible conditions in the cities of 19th Century Britain. Houses were cramped and bathrooms an unknown luxury. The extraordinary Kitty Wilkinson, an Irish immigrant, who settled in Liverpool when she was 20, pushed for public baths to be built there, following a cholera outbreak, realising the importance of hygiene. Hence the first public baths were opened in Liverpool in 1842. By 1884 Carlisle had followed suit, using the steam from factories to heat the pools. Turkish baths then became popular and were built in cities, with Carlisle's being built in 1909.

The Carlisle Turkish baths are now listed buildings. In May 2021 a campaign group "Friends of Carlisle Victorian and Turkish Baths" was established. Its aim is to maintain the continued use of the baths and to bring back unused parts of the building. Listeners to the fascinating talk given by Trudy and Alan were enthusiastic in their support of the project. Let's hope that the radical optimism shown by the group pays off.

Following the talk, we were all ready for tea and our usual finger buffet, the business having been discussed early in the meeting by our President, Julie.

If you fancy joining us, please contact Mary Skelley at myr1506@gmail.com. Our next meeting will be on Tuesday 8 October at 7pm when Sarah Nicholson will teach us how to make a felt pumpkin.

Hayton Community Outing 2024

This year our trip out was to two venues, Kirkby Lonsdale and Levens Hall on Wednesday 4th September. A total of 46 happy souls were picked up from seven collection points and set off in high spirits down the M6.

Our arrival in Kirkby Lonsdale for coffee and a 'deekabout' was a little delayed following an unexpected diversion en-route caused by a failure of communication between the coach operators and their driver. Hey-Ho!! - we got to see the new Westmorland Show site at Crooklands and very nearly Kendal as well! Following coffee and a short spell of retail therapy in defiance of the slight drizzle, we set off to Levens Hall arriving there in time for lunch.

The tour of the house was 'in your own time' and very relaxed. The guides posted in the principal rooms were highly competent and full of detailed information, it was a revelation to many of us how old were the origins of the house. The sun came out, the gardens and topiary were, as always, magnificent and would make a worthwhile day-trip for their own appreciation.

Our return home was blissfully uneventful. We would wish to express our appreciation to our indefatigable driver, Fiona, whose negotiation of narrow and tortuous lanes at both ends of our journey was exemplary. We wish also, to express our appreciation to Hayton Community Project for, once again, their generous financial support, it really is a great help and enables us to plan with confidence.

If there are any of our younger supporters who would like to take up the challenge and bring some fresh ideas to the planning of future events, your present organiser, (who has thoroughly enjoyed doing the job for 20 years), would be very willing to pass on the baton!

Daily Prayer in the week

All welcome to these simple services of readings, prayer and silence, lasting about 20 minutes. Let Edward know if you would like to be on a round robin email that lets people know the readings to be used, and gives notice of any changes to arrangements (occasionally a meeting may be cancelled).

CHURCH NEAR YOU

Did you know your church has a web page? Use this link
<https://www.churchofengland.org/resources/church-near-you>
 – or Google ‘a Church Near You’

It give details about your Church and how it fits into the Benefice as a whole, which you may find informative.

We hope to make these a first stop site for anyone wanting to know about churches near to them and so are updating the pages.

In the meantime please use the uploaded Pew Sheets for details of services in your Church.
